

Elenco pubblicazioni 2000

a cura di [Elena Cubellis](#)

Achilli V., AL-Bayari O., Artese G., Borgstrom S., Capone M., Del Gaudio C., Gandolfi S., Macchiavelli N., Ricco C., Sepe V., Vettore A (2000). *GPS measurements in the neapolitan volcanic area*. Phys. Chem. Earth (A), **25** (9-11): 705-712.

Aguillera E., Chiodini C., Cioni R., Guidi M., Marini L., Raco B. (2000). *Water chemistry of Lake Quilotoa (Ecuador) and assesment of natural hazards*. J. Volcanol. Geotherm. Res., **97**: 271-285.

Antonini P., Piccirillo E.M., Petrini R., Civetta L., D'Antonio M., Orsi G. (2000). *Reply to the comment by J. Hergt on the paper "Enriched mantle - Dupal signature in the genesis of the Jurassic Ferrar tholeiites from Prince Albert Mountains (Victoria Land, Antarctica)" by Antonini et al. (Contributions to Mineralogy and Petrology, 136: 1-19, 1999)*. Contrib. Mineral. Petrol., **139**: 245-249.

Becker M., Berrino G., Camacho A.G., d'Errico V., Falk R., Francis O., Gagnon C., Gerstenecker C., Liard J., Laufer G., Muerrers B., Navarro F.J., Nowak I., Rehren F., Riccardi U., Richter B., van Ruymbekke M., Schmidt M., Stizza D., Friederich J.E., Vouterin P., Wilmes H. (2000). *Results of relative gravimeter measurements at the ICAG97 intercomparison*. Bull. d'Inf. Bureau Gravimetrique International (BGI), Toulouse, **85**: 61-72.

Berrino G., Corrado G., Magliulo R., Riccardi U. (2000). *Continuous gravity record at Mount Vesuvius: a tool to monitor its dynamics*. Phys. Chem. Earth (A), **25** (9-11): 713-717.

Berrino G. (2000). *Combined gravimetry in the observation of volcanic processes in Southern Italy*. J. of Geodynamics, **30**: 371-388.

Bruno P.P.G., Di Fiore V., Ventura G. (2000). *Seismic study of the "41st Prallel" fault system offshore the Campanian-Latial continental margin, Italy*. Tectonophysics, **324**: 37-55.

Bruno P.P.G., Gaudiosi G., Guerra I., Lo Bascio D., Milano G. & Sea Land Group (2000). *Processing and interpretation procedures of onshore recording of "Croc Mare 2" NVR line M30*. Boll. Soc. Geol. It., **119**: 205-211.

Bruno P.P.G., Paoletti V., Grimaldi M., Rapolla A. (2000). *Geophysical exploration for geothermal low-enthalpy resources in Lipari island, Italy*. J. Volcanol. Geotherm. Res., **98**: 173-188.

Capuano P., Zollo A., Emolo A., Marcucci S., Milana G. (2000). *Rupture mechanism and source parameters of Umbria-Marche mainshocks from strong motion data*. J. of Seismology, **4** (4): 463-478.

Carapezza M.L., Civetta L., Orsi G., Quarenzi F. & Galanti E., Macedonio G., Nazzaro A., Cuna L., Sardella F., Di Vito M. (2000). *The Vesuvius: 2000 years of observations*. Presidenza del Consiglio dei Ministri (DPC) - Osservatorio Vesuviano. Supplemento a DPC informa, n.23, aprile 2000.

Chiodini G., Frondini F., Cardellini C., Parello F., Peruzzi L. (2000). *Rate of diffuse carbon dioxide earth degassing estimated from carbon balance of regional aquifers: the case of Central Apennine (Italy)*. J. Geophys. Res., **105**: 8423-8434.

Chiodini G., Allard P., Caliro S., Parello F. (2000). *¹⁸O exchange between steam and carbon dioxide in volcanic and hydrothermal gases: implications for the source of water*. Geochim. Cosmochim. Acta, **64** (14): 2479-2488.

Chiodini G. Cioni R., Guidi M., Magro G., Marini L., Panichi C., Raco B., Russo M. (2000). *Vesuvius and Phlegrean Fields. Geochemical monitoring of the Phlegrean Fields and Vesuvius (Italy) in 1996*. Acta Vulcanologica. Data related to Eruptive Activity, Unrest Phenomena and Other Observations on the Italian Active Volcanoes 1996. Villari L. (Ed.), **12** (1-2): 117-119.

Chironi C., De Luca L., Guerra I., Luzio D., Moretti A., Vitale M. & SEA LAND GROUP (2000). *Crustal structures of the Southern Tyrrhenian Sea and the Sicily Channel on the basis of the M25, M26, M28, M39 WARR profiles*. Boll. Soc. Geol. It., **119**: 189-204.

Del Gaudio C., Ricciardi G.P., Ricco C., Sepe V. (2000). *Vesuvius and Phlegrean Fields. Precise levelling at Phlegrean Fields*. Acta Vulcanologica. Data related to Eruptive Activity, Unrest Phenomena and Other Observations on the Italian Active Volcanoes 1996. Villari L. (Ed.), **12** (1-2): 125-128.

Del Pezzo E., La Rocca M., Saccorotti G. (2000). *Multiple Seismic Antennas for monitoring volcanic activity: an example of application to Stromboli Volcano*. In "Problems in Geophysics for the New Millenium", Boschi E., Ekstrom G. and Morelli A.(Eds), 1-11, Editrice Compositori, Bologna.

De Astis G., Peccerillo A., Kempton P.D., La Volpe L., Wu T.W. (2000). *Transition from calcalkaline to potassium-rich magmatism in subduction environments: geochemical and Sr, Nd, Pb isotopic constraints from the Island of Vulcano (Aeolian Arc)*. Contrib. Mineral. Petrol., **139**: 684-703.

de Carolis E., Jacobelli L., Marturano A., Soricelli G., Tisci G. (2000). *Il Vesuvio racconta.... L'isola dei ragazzi* (Ed), Napoli.

De Franco R., Caielli G., Luzio D., Bruno P.P. & GRUPPO SEALAND (2000). *Acquisition and processing procedure of the SEA-LAND wide-angle reflection/refraction data*. Boll. Soc. Geol. It., **119**: 149-158

De Natale G., Petrazzuoli S.M., Troise C., Pingue F., Capuano P. (2000). *Internal stress field at Mt.Vesuvius: a model for the generation of background seismicity at a central volcano*. J.Geophys. Res., **105** (B7): 16206-16214.

De Natale P., Gianfrani L., Cioni R., Corsi C., De Natale G., Gabrysch M., Inguscio M. (2000). *Laboratory tests for remote sensing of volcanic gases using semiconductor diode laser*. Acta Vulcanologica. Data related to Eruptive Activity, Unrest Phenomena and Other Observations on the Italian Active Volcanoes 1996. Villari L. (Ed.), **12** (1-2): 142-143.

Di Maio R., Patella D., Petrillo Z., Siniscalchi A., Cecere G., De Martino P. (2000). *Application of electric and electromagnetic method to the definition of the Campi Flegrei caldera (Italy)*. Annali di Geofisica , **43** (2): 375-390.

Di Gregorio A., Nazzaro A. (2000). *Teodoro Monticelli (1759-1845): il suo museo ed il suo carteggio nella storia della Geologia*. Museol. Sci., **16** (1).

Esposito E., Porfido S., Simonelli A.L., Mastrolorenzo G., Iaccarino G. (2000). *Landslides and other surface effects induced by the 1997 Umbria-Marche seismic sequence*. Engineering Geology, **58** : 353-376.

Gaudiosi G., Lo Bascio D., Milano G. (2000). *Crustal structure of southern campanian area from DSS and teleseismic data. Evoluzione Geologica e Geodinamica dell'Appennino - Studi in memoria del prof. Gianpaolo Pialli. Foligno, 16-18 febbraio 2000. Abstract volume: 162-164.*

Gianfrani L., De Natale P., De Natale G. (2000). *Remote sensing of volcanic gases with a DFB-Laser based fiber spectrometer. Applied Physics B, 70: 467-470.*

Godano C. & Pingue F. (2000). *Is the seismic moment-frequency relation universal? Geophys. J. Int., 142: 193-198.*

Ibanez J., Del Pezzo E., Almendros, J., La Rocca M., Alguacil G., Ortiz, Garcia A. (2000). *Seismo-volcanic signals at Deception Island volcano (Antartica): wavefield analysis and source modeling. J. of Geophys. Res., 105 (B6), 13905-13931.*

Iezzi G. & Ventura G. (2000). *Kinematics of lava flows based on folds analysis. Geophys. Res. Lett., 27 (8): 1227-1231.*

Improta L., Iannaccone G., Capuano P., Zollo A., Scandone P. (2000). *Upper crustal structures of Sannio region (Southern Apennine, Italy) from seismic refraction investigation and subsurface data. Tectonophysics, 317: 273-297.*

La Rocca M., Petrosino S., Saccorotti G., Simini M., Ibanez J., Almendros J., Del Pezzo E. (2000). *Location of the source and shallow velocity model deduced by the explosion quakes recorded by two seismic antennas at Stromboli volcano. Phys. Chem. Earth, 25 (9-11): 731-735.*

Macedonio G. & Neri A. (2000). *Fluid dynamic models of pyroclastic dispersion processes from explosive eruptions. In: "Capricious Earth: Models and Modelling of Geologic Processes and Objects", Glebovitsky V.A. & Dech V.N. (Eds), Theophrastus Publications, St.Petersburg - Athens, ISBN 5-88143-116-2: 110-131.*

Marti J., Folch A., Neri A., Macedonio G. (2000). *Pressure evolution during caldera-forming eruptions. Earth Plan. Sci. Lett., 175 (3-4): 275-287.*

Mauriello P., Patella D., Petrillo Z., Siniscalchi A. (2000). *An integrated magnetotelluric study of the Mt. Etna volcanic structure. Annali di Geofisica, 43 (2): 325-342.*

Milano G., Gaudiosi G. (2000). *Integrazione di dati DSS e telesismici per la definizione della struttura crstale dell'area vulcanica napoletana. (Milano.doc) 18° Convegno G.N.G.T.S. - C.N R.; Roma, 9-11 Novembre 1999, su : www.ogs.trieste.it/gngts/; sessioni ordinarie, directory 05.*

Nazzaro A. (2000). *Significato dei musei scientifici alle soglie del terzo millennio. Museol. Sci., 16 (1): 263-291.*

Obrizzo F. (2000). *Etna. Vertical ground movements by precise levelling. September 1995-September 1996. Acta Vulcanologica. Data related to Eruptive Activity, Unrest Phenomena and Other Observations on the Italian Active Volcanoes 1996. Villari L. (Ed.), 12 (1-2): 84-85.*

Obrizzo F. (2000). *Vulcano and Stromboli. Vertical ground movements: precise leveling. May 1995- May 1996 (Vulcano). Acta Vulcanologica. Data related to Eruptive Activity, Unrest Phenomena and Other Observations on the Italian Active Volcanoes 1996. Villari L. (Ed.), 12 (1-2): 115-116.*

Obrizzo F. (2000). *Pantelleria. Vertical ground movements: precise levelling. May 1991-May 1996*. Acta Vulcanologica. Data related to Eruptive Activity, Unrest Phenomena and Other Observations on the Italian Active Volcanoes 1996. Villari L. (Ed.), **12** (1-2): 136-137.

Pingue F., Berrino G., Capuano P., Obrizzo F., De Natale G., Esposito T., Serio C., Tammaro U., De Luca G., Scarpa R., Troise C., Corrado G. (2000). *Ground deformation and gravimetric monitoring at Somma-Vesuvius and Campanian volcanic area (Italy)*. Phys. Chem. Earth (A), **25** (9-11): 747-754.

Pingue F., Esposito T., Serio C., Tammaro U. (2000). *Vesuvius and Phlegrean Fields. Deformations of the ground on Vesuvius: levelling network and dry tilt*. Acta Vulcanologica. Data related to Eruptive Activity, Unrest Phenomena and Other Observations on the Italian Active Volcanoes 1996. Villari L. (Ed.), **12** (1-2): 121-122.

Ricco C., Del Gaudio C., Quarenì F., Marzocchi W. (2000). *Spectral analysis of the clinometric data at the Phlegrean Fields from 1992 to 1998*. Annali di Geofisica, **43** (5): 939-950.

Ricco C., Del Gaudio C., Sepe V. (2000). *Vesuvius and Phlegrean Fields. The tilt network at Mt. Somma-Vesuvius*. Acta Vulcanologica. Data related to Eruptive Activity, Unrest Phenomena and Other Observations on the Italian Active Volcanoes 1996. Villari L. (Ed.), **12** (1-2): 123-124.

Ricco C., Del Gaudio C., Sepe V. (2000). *Vesuvius and Phlegrean Fields. The tilt network at Phlegrean Fields*. Acta Vulcanologica. Data related to Eruptive Activity, Unrest Phenomena and Other Observations on the Italian Active Volcanoes 1996. Villari L. (Ed.), **12** (1-2): 129-131.

Rogie J.D., Kerrick D.M., Chiodini G., Frondini F. (2000). *Flux measurements of nonvolcanic CO₂ emission from some vents in central Italy*. J. Geophys. Res., **105**: 8435-8445.

Saccorotti G. & Del Pezzo E. (2000). *A probabilistic approach to the inversion of data from a seismic array and its application to volcanic signals*. Geophys. J. Int., **143**: 249-261.

Scarpa R., Amoroso A., Crescentini L., Linde A.T., Sacks S., Del Pezzo E., Martini M. (2000). *Forecasting volcanic eruptions by geophysical methods: The case of Vesuvius and Campi Flegrei, Italy*. In: "Problems in Geophysics for the New Millennium", Boschi E., Ekstrom G. and Morelli A. (Eds), Editrice Compositori, Bologna.

Soligo M., De Astis G., Delitala M.C., La Volpe L., Taddeucci A., Tuccimei P. (2000). *Uranium-series disequilibria in the products from Vulcano Island (Sicily, Italy): Isotopic Chronology and magmatological implications*. Acta Vulcanologica, **12** (1-2).

Sulpizio R., Di Vito M., Zanchetta G. (2000). *Landscape response to the deposition of airfall pyroclastics from large explosive eruptions: an example from the Campanian Area (Southern Italy)*. Phys. Chem. Earth (A), **25** (9-11): 759-762.

Vilardo G., Bianco F., Capello M., Castellano M., Milano G. (2000). *Vesuvius and Phlegrean Fields. Mt. Vesuvius seismic activity, 1996*. Acta Vulcanologica. Data related to Eruptive Activity, Unrest Phenomena and Other Observations on the Italian Active Volcanoes 1996. Villari L. (Ed.), **12** (1-2): 119-121.

Vittori E., Deiana G., Esposito E., Ferrelì L., Marchegiani L., Mastrolorenzo G., Michetti A.M., Porfido S., Serva L., Simonelli A.L., Tondi E. (2000). *Ground effects and surface faulting in the September-October 1997 Umbria-Marche (Central Italy) seismic sequence*. J. of Geodynamics, **29**: 535-564.

Zanchetta G., Di Vito M. A., Fallick A.E., Sulpizio R. (2000). *Stable isotopes of pedogenic carbonates from the Somma-Vesuvius area, southern Italy, pover the last 18 kyr: palaeoclimatic implications*. J. of Quaternary Science, **15** (8): 813-824.
